September 12, 2012

Dear Parent/Guardian:

The Stratford Board of Education is working to improve the means of emergency communication between our students' families and our schools. I am pleased to inform you that we are again offering a phone-based alert service. Our goal is to keep parents/guardians, community members, and staff informed about emergency situations and important announcements.

The phone-based alert service enables the Stratford Public Schools to call two (2) phone numbers to notify students' families concerning important information. If you are interested in receiving emergency notification via phone you **MUST** register.

To register for this service:

1. Go to the web site <http://stratfordk12.org>
2. Click on "Alert Communication Link" under the "Parents" section
3. Enter Access Code: **Boealert2011**
4. Fill-in required information
5. Click "submit"

If you do not have a computer or access to the internet to register, you can use computers located in Stratford's Public Library, or give the information directly to your child's school secretary in writing.

I hope you find this system beneficial as we continuously work to enhance our communication with you.

Sincerely,

Irene Cornish
Superintendent
